Description Originally the translation table was done because there was no cocoa-5 manual, and to show what we had ported from cocoa-4 to cocoa-5/lib. As a consequence all new entries in cocoa-5/lib are listed at the bottom. Now we should consider it as a translation from cocoa-5 <--> cocoalib (suggested by E.Palezato). Rearrange it in this view.

We still have to decide whether

1 - we still want the dates (in that case try to fill up the holes)

2 - we want to move the cocoa-4 column last
