CoCoA-5 - Design #1544

CoCoA coding conventions for parser/interprer?

04 Dec 2020 09:47 - Anna Maria Bigatti

Status:	New		Start date:	04 Dec 2020
Priority:	Normal		Due date:	
Assignee:			% Done:	10%
Category:	Parser/Interpreter		Estimated time:	0.00 hour
Target version:	CoCoA-5.4.2		Spent time:	0.25 hour
Description				
Should we (slowly?) adapt parser/interpreter/main to our coding conventions?

History

#1 - 04 Dec 2020 09:51 - Anna Maria Bigatti

- % Done changed from 0 to 10

I've done it for **defaultPackageDir** which is now **IsDefaultPackageDir**.
I find it easier, and that's the reason why we chose those coding conventions.

I propose to do it (at least locally) when we happen to modify those files.

#2 - 11 Dec 2020 12:01 - Anna Maria Bigatti

Discussion with John: OK, updating the style "as we go".

Keep **theRing** & co. for **intrusive_ptr** (at least to start with)
