Target version:	CoCoALib-0.99900	Spent time:	0.00 hour
Description I have just found the following link https://isocpp.github.io/CppCoreGuidelines/CppCoreGuidelines apparently written/maintained by Stroustrup and Sutter. The web page there is quite long! We could consider it as an alternative to Scott Meyers's guidelines (though I probably have a preference for Scott Meyers). This is perhaps not really an issue, but I wanted to record the link somewhere.
