

CoCoALib - Design #1655

Remove ability to compile CoCoALib against UNINSTALLED gmp?

28 Jan 2022 10:43 - John Abbott

Status:	Closed	Start date:	28 Jan 2022
Priority:	Normal	Due date:	
Assignee:	John Abbott	% Done:	100%
Category:	Safety	Estimated time:	3.51 hours
Target version:	CoCoALib-0.99800	Spent time:	3.25 hours
Description This proposal is to modify the configure script so that it does not accept an uninstalled GMP. A use who does not have sudo capability must then install GMP in a place which is writable (e.g. \$USER/software/ or even \$USER/local/ if you want to mimic the name usr/local). An important point is that installing GMP may well do more than just copy some files. The GMP developers are entitled to change their internal structure (without warning) as and when they see fit. Currently we have unwisely tried to be "clever": this involved putting (private) details of GMP internal structure into our configure script. Not good!

JAA now thinks that what we do is wrong rather than "clever". Unless AMB objects, we should make this change quickly.

I think the only real change needed is in the script configuration/gmp-find-hdr.sh. Perhaps it should print out a helpful message if it recognizes that an uninstalled GMP tree was specified?

PS apparently I also use an uninstalled GMP... I'd forgotten that!

#4 - 28 Jan 2022 12:41 - John Abbott

- % Done changed from 10 to 50

I have just compiled successfully.
Need to update doc in ExternalLibs-GMP.txt

Anna will check in her machine soon... should also make compilation of other external libs easier.

- *Status changed from In Progress to Resolved*

- *% Done changed from 50 to 80*

I have updated the doc, and checked in everything.
Hope Anna can check on her machine soon.

#6 - 04 Feb 2022 21:49 - John Abbott

Anna please check everything is OK on your computer!

#7 - 14 Feb 2022 09:59 - Anna Maria Bigatti

- *Status changed from Resolved to Closed*

- *% Done changed from 80 to 100*

Downloaded, compiled, (personal-)installed also on windows.
Instructions are good.
