I think there was some doubt as to what the correct name for this fn should be.  
Don't recall the outcome: see issue #206, and discussion around comment 16 and following.  
  
We still have a few days to change name, if we want.

#3 - 16 Feb 2022 20:11 - John Abbott

- Status changed from Resolved to Closed
- % Done changed from 80 to 100
- Estimated time set to 1.01 h

No one objected to the name LinKerZZ, and the discussion in issue #206 seemed to favour that name.  
So sticking with it, and closing.
