Description

Should we make a user forum where CoCoA-5 users can post questions when they have problems?

History

#1 - 01 Nov 2022 22:02 - John Abbott

Indirectly suggested in email from Michael Wijaya (2022-11-01).

The idea seems good to me. MW indicated that sending email gave a
greater feeling of disturbing the recipient compared to posting on a forum.

I believe that ApCoCoA did have a forum; I can ask here in Passau
how that worked.
