CoCoA-5 - Bug #1746

ManExamples target: need t reset VerbosityLevel

06 Jun 2023 22:14 - John Abbott

Status:	Feedback		**Start date:**	06 Jun 2023
Priority:	Normal		**Due date:**

Target version:	CoCoA-5.4.2		**Spent time:**	0.50 hour

Description

I tried running make ManExamples and was surprised to see verbosity output (for IsLRSDegenerate).
I think each example should be run with verbosity level reset to 0.

done. I'll run some more tests and check it in soon.

#2 - 23 Jun 2023 18:05 - John Abbott

I'm looking forward to this! Thanks!

cvs-ed

For examples genuinely showing errors, see other examples with
--> !!! ERROR !!! as expected, ...

#4 - 22 Dec 2023 20:09 - John Abbott

The original problem seems to be resolved now.
I did notice that the file ManExamples-out sometimes contains the character **^M**; is this intentional?
I'll wait for answer before closing.

#5 - 05 May 2024 19:45 - John Abbott

The Control-M character seems to appear where a printed line has had a prefix elided.

It is not serious, but I would like to know where the **^M** characters come from. Anna?
