History

#1 - 26 Jun 2012 08:05 - Anna Maria Bigatti

- Category set to GUI

I've found this bug (among the other "surprise" and rare occurrences) is caused by **make; make;** which seemed to occur only in my "cvs snapshot" directory.

Forcing the recompilation (as it is done for setting the correct **CompilationDate**) has solved this case.

#2 - 26 Sep 2012 17:52 - John Abbott

In the src/CoCoA-5/ directory I found that make clean; make was sufficient on my computer.

#3 - 26 Feb 2014 16:48 - John Abbott

Has this effectively been resolved? It's been ages since I've seen the problem (but I hardly ever use the GUI...)

Can we mark it as "resolved" or "closed"?

#4 - 05 Mar 2014 12:21 - John Abbott

- Status changed from New to Closed

- % Done changed from 0 to 100

Neither Anna nor I recall how to reproduce this bug; maybe we have fixed it unwittingly? Anyway, there is a work-around in case of need.

Closing.
