Status:	Closed	Start date:	15 Nov 2011
Priority:	Normal	Due date:	
Assignee:	Anna Maria Bigatti	% Done:	100%
Category:	CoCoA-4 function to be added	Estimated time:	1.00 hour
Target version:	CoCoA-5.0.9	Spent time:	1.25 hour
Description			
It would be better to have Elim(t, I) as well as Elim([t], I)			

History

#1 - 15 Nov 2011 13:58 - Anna Maria Bigatti

- Category set to CoCoA-4 function to be added

#2 - 15 Nov 2011 14:02 - Anna Maria Bigatti

- Subject changed from Elim to Elim(t, I)

#3 - 25 Oct 2013 22:47 - John Abbott

Not really related to original problem but...

```
Use R;  
I := ideal(x,y);  
Use QQ[x,y];  
elim([x],I); --> produces unhelpful error message
```

Make it give a better error mesg.  
Should be able to fix this at the same time as adding the new fn.
