Description

I'm updating the tests manually.

What is the file test-Dynamic1.C?
Who wrote it? When?

If we want to keep it, it needs a **major overhaul**

History

#1 - 29 Oct 2014 11:27 - Anna Maria Bigatti

It is a test for "dynamic-Groebner" written by Massimo Caboara a long time ago.
It is worth maintaining it because I think John Perry is rewriting the code ;-)

Note that test-Dynamic1.C is not listed in the Makefile, and in its current form does not compile. Also its name is "irregular".
