

CoCoALib - Support #695

Remove cruft from test files

08 May 2015 11:34 - John Abbott

| | | | |
|---|--------------|------------------------|--------------------|
| Status: | New | Start date: | 08 May 2015 |
| Priority: | Normal | Due date: | |
| Assignee: | | % Done: | 0% |
| Category: | Tidying | Estimated time: | 0.00 hour |
| Target version: | CoCoALib-1.0 | Spent time: | 0.25 hour |
| Description Several test files contain commented out code; this should either be removed or made active (or perhaps add a clear comment as to why the code is commented out). | | | |

Commented out code could make sense in the following cases:

- the test is valid, but the relevant CoCoALib code is NYI
- the test is valid but too slow for general use (maybe a simpler test can be found to replace it?)

We should try to make tests fairly easily comprehensible (to "experts").
