

CoCoALib - Bug #779

Makefile: problem not seeing when files in TmpFactorDir need to be rebuilt

17 Sep 2015 22:08 - John Abbott

Status:	New	Start date:	17 Sep 2015
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Makefile	Estimated time:	0.00 hour
Target version:	CoCoALib-1.0	Spent time:	0.25 hour
Description			
make did not notice when I modified the file src/AlgebraicCore/TmpFactorDir/multivariate/DMPZ.c so did not recompile. It did recompile if I remove say BuildInfo.o -- recompiled both BuildInfo.o and DMPZ.o			

History

#1 - 17 Sep 2015 22:10 - John Abbott

Since files in TmpFactorDir change very rarely, it is probably not worth fixing the Makefile. The time would be better spent transporting the code from TmpFactorDir into the main CoCoALib subtree...
